

# Benefits of Using Medical Grade Silicone Tubing

## Long Service Life

Highly resistant to wear and tear, providing consistent performance over extended periods.

## Non-Toxic and Hypoallergenic

Free from harmful chemicals like BPA and phthalates, ensuring patient safety.

## Sterilization Friendly

Compatible with various sterilization methods, including autoclaving, ethylene oxide, and gamma radiation.

## Customizable

Available in different sizes, lengths, and configurations to meet specific medical needs.

## Eco-Friendly

Made from recyclable materials, contributing to sustainable healthcare practices.
